INVESTOR IN PEOPLE

Denplan Care

What is Denplan Care?

Denplan Care is a dental payment plan and is a great way of ensuring that your oral health is monitored.

Denplan Care covers the treatment costs of most oral health problems so you can be assured that your dentist will provide the appropriate clinical treatment to restore and maintain your oral health. You don't have to worry about getting a large bill from your dentist for treatment that you weren't expecting.

Preventive care doesn't cost the earth

By choosing Denplan Care you can spread the cost of your regular visits to the dentist and hygienist. It means you can budget for your regular oral care and ensure you have regular access to a dentist when you need it.

Prevention is better than cure

Good oral health isn't just about avoiding fillings and toothache; it's integral to overall general health and wellbeing. It's always better to stop problems before they start and regular dental appointments can help reduce the need for treatment in the future.

As we age our teeth and gums naturally deteriorate so the earlier you start looking after your teeth the better. As a Denplan Care patient your dentist will advise you on the best way to keep your mouth and teeth healthy and provide you with regular check-ups and time with the hygienist.

Developing a good oral care routine is essential to ensure your teeth and gums are always kept healthy.

Supporting Denplan Care

Denplan has a dedicated Customer Advisor team who can help you with any questions or queries, from changing your address to helping you find a new dentist. You can also choose to do this via our website at www.denplan.co.uk/patients, where you can find helpful information on oral healthcare.

As a patient you'll have access to the 24 hour Worldwide Dental Emergency Helpline team who are there to help you with any dental emergencies you may have.

Frequently Asked Questions

Q Is Denplan Care purely insurance?

A No, it is a payment plan agreed between you and your dentist to cover your routine dental treatment with the added benefit of Supplementary Insurance.

Q Who is my contract with?

A For the dental care you receive under your dental care agreement you are in contract with your dentist. A copy of the contract will be given to you by your dentist. Denplan send the payments you make directly to them, which means it is the dentist who is being paid to carry out your treatment and continuing care. Your dental care contract is put together specifically to meet your individual oral health needs.

Q Are there any discounts available?

A Where more than one member of a family (or group) at one address is registered at the same practice and payments are made under a single direct debit, the following discounts apply: 2 group members - 5%, 3 group members - 10%, 4 or more group members - 15%.

Q How much do I pay?

A As the contract is between you and your dentist we are unable to quote a price because the fees are set by the individual dentist. Please note there is also a one-off registration charge on joining, equal to your monthly payment.

Q How is my fee calculated?

A Your dentist completes a chart that takes into account your dental history, the health of your teeth and gums and the preventive programme recommended. These factors will place you in a specific category for which your dentist has already calculated the fee.

Q How often can I go to my dentist under Denplan?

A Your dentist will advise you on how often you need to visit as dental health will vary from patient to patient. Most people should attend the dentist once every 6 months.

Q What does my plan include?

A Denplan Care includes regular consultations, advice and restorative treatment, promoting preventive care to maintain your oral health. You will have access to regular appointments with your dentist to help minimise the need for restorative care (see pages 3-4 for full details).

Additionally, the Supplementary Insurance which Denplan arranges on your behalf, covers you for dental injury and emergency treatment, meaning you will have access to our 24 hour Worldwide Dental Emergency Helpline (turn to pages 20-23 for more information).

Q How are my payments organised?

A Denplan Care allows you to make fixed regular monthly payments to cover the cost of your dental treatment. Your payments mean you can budget for your regular monthly care and ensure that you get access to a dentist when you need it. Annual payment is also available on request.

Q Can I update my details online?

A By using the secure area of our website you can update your address, telephone number, email address, Direct Debit details, name and title and pay by Credit Card, if you have chosen to pay annually.

To log on you'll need your unique Denplan registration number (which will be provided by us once your application is complete), your date of birth and your email address.

Oral Wellbeing

How often should I brush my teeth and for how long?

For two minutes, twice a day.

How often should I be flossing my teeth?

Flossing is an effective way of cleaning away any plaque from between your teeth and should be done on a daily basis.

It's a skill that your dentist or hygienist will be able to help you with. There are alternatives such as using special mini brushes that can be gently pushed between your teeth. Again, your dental team will be able to recommend the best alternatives for you.

How does tooth sensitivity come about?

The top layer of your tooth - the enamel - has no nerve endings in it. However, the bulk of the tooth inside - the dentine - contains numerous nerve endings and is highly sensitive. The enamel acts rather like the insulator around an electric cable. If the enamel becomes worn away, dentine can become exposed and the teeth may become painful with very hot or cold drinks. Equally, if the gums have shrunk back to expose the top parts of the roots of the teeth, this can also cause sensitivity.

Why do I get mouth ulcers?

Some people are naturally more susceptible to mouth ulcers. They can be quite painful and topical gels designed to treat them may help to ease this. Rarely, frequent ulcers may indicate an underlying medical condition, for example, people who are anaemic are more likely to suffer with ulcers. Ulcers that persist for more than two weeks should be checked out by your dentist.

Will smoking and drinking affect my dental health?

People who smoke and drink are 30 times more likely to contract mouth cancer, with tobacco and alcohol thought to contribute to around 80 per cent of cases. To reduce the risk of contracting mouth cancer, avoid smoking, using chewing tobacco and drinking alcohol.

Oral Wellbeing

How often should you brush your tongue?

Generally, the tongue tends to be self-cleaning; it has a movable surface and is constantly bathed in saliva so remnants of meals don't hang around for too long. Your teeth are also covered in saliva, but since they're hard and immovable, the food has more of a chance to latch on and stay there. For people who feel they have a problem with bad breath, tongue brushing may help.

Why do some people never get cavities?

There is plenty you can do to prevent cavities. Infants and children who grow up in areas where there is an appropriate level of fluoride in tap water have significantly fewer fillings than others. Fluoride toothpaste also has a huge impact on reducing the risk of decay developing.

Perhaps the biggest influence is diet. By consuming sugary foods and drinks on a regular basis the chances of getting cavities is greatly increased.

Remember, when teeth first grow, they are healthy and sound. By adopting a thorough daily cleaning routine using fluoride toothpaste, avoiding sugary foods and drinks and having regular check-ups, will help keep your teeth healthy.

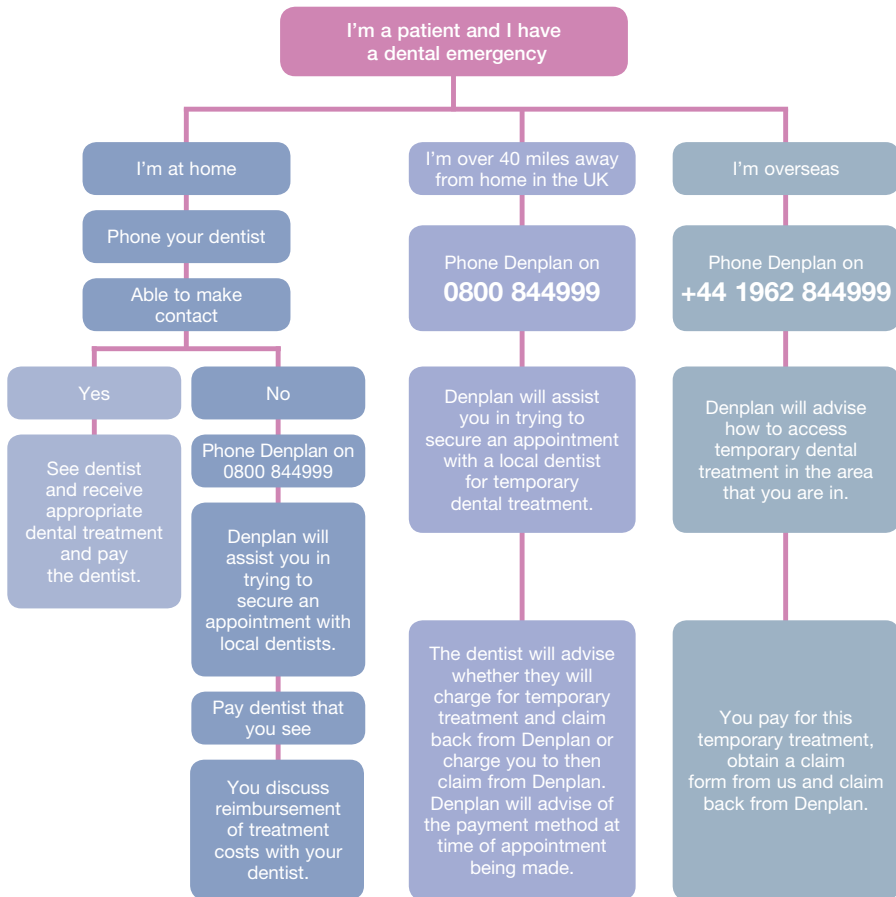

When is the best time to brush - in the morning when you wake up or after breakfast?

The traditional mantra has been to brush your teeth after breakfast. However, many people have acidic foods or drinks at breakfast such as orange juice or grapefruit. This can temporarily soften the surface layer of the enamel and brushing straight afterwards could remove this surface layer and, over time, lead to loss of the enamel. So the best advice is either to brush before breakfast, or wait for an hour afterwards, by which time the softened layer will have hardened up again.

Claiming in the event of a dental emergency

If you have a dental emergency please follow the simple steps below.

All claims are subject to policy limitations and exclusions. Please see the Supplementary Insurance policy document on pages 24-31 of this Application and Membership Pack for further details.

If I want to change dentist, what do I do?

Denplan Care is a personal Contract between you and your dentist. It is based on the needs your dentist has identified and the monthly payments are agreed between you and your dentist.

This means that the Care Contract you have with your dentist is non-transferable.

If you are moving house or going away to college, you may have to change your dentist. There are a few simple steps you need to take in order to end your current Contract and set up a fresh Contract with a new dentist.

Action plan for a smooth transition to a new dentist:

- Arrange a leaving appointment with your current dentist.
- Ask your dentist to complete your Patient Leaving Form. You will need to give this to your new dentist. This will give them valuable information about your dental history.
- Contact Denplan in writing or by telephone to cancel your current contract, giving 21 days notice prior to the next payment date.
- Find a new Denplan dentist. Denplan can help you find a dentist in your area. Search the 'Find a Dentist' facility at www.denplan.co.uk or phone our Customer Advisor team on **0800 401 402**.

- Before booking your first appointment with your new dentist, check with them as to whether they will charge an examination fee for your new Denplan assessment (this charge is at the discretion of individual dentists and is not set by Denplan).
- Give your new dentist your completed Patient Leaving Form.
- Discuss your treatment needs with your new dentist and, if you are both happy, complete a new application form and Denplan Care Contract. (Please note that if you re-register within six months of ending your previous Contract, you will not have to pay a new registration fee).
- Check your new monthly fee. Denplan Care fees are not set by Denplan but by your dentist, so your new fees may change.

Talk to your current dentist or call our Customer Advisor team for any further help on **0800 401 402**.

The Care Agreement between you and your dentist

Denplan's role is to provide administrative services to support the Contract between you and your dentist. This includes passing your payments onto your dentist.

Please remember, your Contract is with your dentist and cannot be transferred to another practice or dentist. However, if you are considering changing your dentist please contact Denplan who will advise you on how to transfer, ensuring your oral health is not compromised.

The following points make up the 'conditions' of your Contract with your dentist. These are very important and we strongly advise that you read them through carefully and keep them in a safe place so that you can refer to them in the future, should you need to.

1. Explanation of terms used

In this Agreement, unless the context otherwise requires, the 'Contract' means this Agreement and the terms contained on the document entitled 'Denplan Care Contract' which you have signed; the 'dentist' means your treating dentist named in the document entitled 'Denplan Care Contract' and 'Denplan' means Denplan Limited (company number 1981238) and whose registered office address is at 5 Old Broad Street, London EC2N 1AD, UK.

2. Treatment to which you are entitled

This Contract entitles you to receive all the treatment normally provided by a general dental practitioner to maintain dental health, which may include;

- examinations
- dental healthcare advice
- preventive therapy and counselling
- radiographs (X-rays)
- restorations (fillings)
- root canal treatment
- scaling and polishing
- periodontal (gum treatment) and surgical treatment and the provision, repair and maintenance of prostheses including crowns, bridges and dentures (excluding laboratory fees charged by your dentist - see condition 4)

- any necessary extractions (excluding wisdom teeth - see condition 3).

3. Treatment to which you are not entitled

The Contract does not entitle you to:

- the treatment (if any) which you and your dentist agreed would be excluded at the start of the Contract
- orthodontic appliance therapy ('braces')
- the provision, repair or replacement of dental implants and related super-structures
- any treatment needed as a result of a dental injury (an injury to the teeth or supporting structures including damage to dentures whilst being worn which is directly caused suddenly and unexpectedly by means of a direct external impact) although this may be covered by your Supplementary Insurance please refer to pages 24-31 of this Application and Membership Pack for further information
- referral to a specialist and specialist treatment which is necessary in the reasonable opinion of your dentist
- any treatment which is purely cosmetic
- any treatment which is not clinically necessary in your dentist's opinion

- treatment carried out anywhere other than at your registered dentist, although temporary emergency treatment may be covered by your Supplementary Insurance. Please refer to pages 24-31 of this Application and Membership Pack for further information
- surgical extraction of wisdom teeth
- sedation fees.

4. Prescriptions and laboratory charges

The monthly fee does not cover pharmaceutical items, prescription fees or laboratory fees reasonably charged by the dentist, which must be paid in addition.

5. Dental emergency arrangements and insurance entitlements

Your dentist is obliged to provide reasonable access to out-of-hours emergency dental treatment, either directly, or through participation in a dental emergency cover arrangement. In addition, Denplan administers Supplementary Insurance for you.

The full Terms and Conditions of your Supplementary Insurance policy can be found on pages 24-31 of this Application and Membership Pack.

6. Alteration of monthly fees

Your dentist will normally review your monthly fee annually and your fees may change in January in any year and at other times in exceptional circumstances.

Should the fees change (for example, due to inflation, or increased material or practice running costs) you will be given at least one month's written notice (correspondence sent to the payer's last known address by ordinary post will be treated as adequate notice).

Should your dental health change, the dentist may change your level of plan and treatment included and associated fees by providing one month's written notice, or earlier with your consent. If you are not happy with any increase in monthly fees, you have the right to terminate the agreement giving the dentist and Denplan not less than 21 days' notice, expiring on the last day of a calendar month, as detailed in condition 11.

7. Treatment by another dentist

The Contract is with your dentist as specified in the document entitled 'Denplan Care Contract'. If your dentist arranges for another dentist or a locum to provide routine care on his or her behalf, this will be covered by the Contract. However, where you choose to have routine care or treatment provided by a practitioner independently of the dentist, any associated costs will not be covered by the Contract. Furthermore, where you are referred by your own dentist to a specialist, the costs will not be covered (see condition 3 for exclusions).

8. Payment

Unless your dentist makes special arrangements with Denplan, you must pay the monthly fee by Direct Debit in favour of Denplan as collecting agent for the dentist.

Where you are not the payer specified in the document entitled 'Denplan Care Contract', you shall ensure that the payer pays any sum payable by you under this Contract. You agree that, when making any such payment, the payer acts as your agent and on your behalf.

Any other amounts due to the dentist (e.g. for prescription fees, pharmaceutical items or laboratory charges or treatment not covered by the Contract) are payable by you directly to the dentist and non-payment of such amounts will constitute a breach of the terms of the Contract.

Your liability to pay the monthly fee continues until the Contract is ended in accordance with this Agreement (see condition 11).

9. Direct Debit changes

Following a decrease in monthly fee or increase in discount available to you, your Direct Debit will be changed at the next available collection date. Where you are given notice of an increase in your monthly fee, your Direct Debit will be changed at the end of the notice period (see condition 6).

10. Your responsibilities

You are responsible for keeping appointments made with the dentist and you should pay any 'missed appointment' fee reasonably charged if you fail to do so.

You must ensure that you also attend the dentist for regular examinations, receive the treatment the dentist advises and you must promptly inform the dentist of any injury, problem or other material matter affecting your dental health; if you fail to ensure any of this you will be liable to pay any fee reasonably charged for treatment necessary to restore your dental health, which could otherwise have been avoided. If, in the reasonable opinion of the dentist, he or she is not able to maintain your dental health due to any act or omission on your part, the dentist may end the Contract immediately by giving notice to that effect.

11. Ending the Contract

You may cancel the Contract by contacting Denplan within the cancellation period, which is 14 days following conclusion of the Contract. If you are intending to leave the care of your dentist, you should attend a final leaving appointment, at which your dentist can arrange to provide any outstanding treatment, check your dental health and should provide you with a record of this on the Leaving Form, which you should take to your new dentist. The initial examination fee and any necessary outstanding treatment prescribed by your

new dentist may have to be paid for privately to re-register under Denplan.

Following this period, you may end the Contract by giving not less than 21 days' notice to the dentist and to Denplan, expiring on the last day of a calendar month. Your dentist may end the Contract by giving you two months' written notice expiring on the last day of a calendar month.

12. Non-payment

Non-payment of one fee

If you fail to make a monthly payment Denplan will inform you accordingly and attempt to collect two payments from your account in the following month. Insurance claims may be settled at Denplan's discretion and we reserve the right to refuse any insurance claim relating to an incident that occurred during the unpaid period.

Non-payment of two fees

If you default on two successive payments, Denplan will inform you that your Contract has been cancelled. Insurance cover will cease from the date of the first failed payment and no insurance claims during this period will be paid.

Insurance claims may be settled at Denplan's discretion and we reserve the right to refuse any claim relating to an incident that occurred during the unpaid period.

Refunds

In the instance of an administrative error or if Denplan agrees to refund your Denplan fees your registration for those months will be treated as unpaid and the conditions relating to non-payment will fully apply to you. If payment has already been forwarded to your dentist we reserve the right to reclaim your fees directly from your dentist to cover the amount we have refunded to you. You will be liable for all sums outstanding to your dentist and Denplan.

13. Dental records

By signing the document entitled 'Denplan Care Contract' you consent to the disclosure of your notes and other records for the purposes of any review, assessment or consideration of the care provided by your dentist which may take place under the terms of his or her membership of Denplan but not for any other purpose without your further consent.

14. Variation of these conditions

If it is necessary to vary the conditions in this Agreement, for instance to take account of changes in the law, this can be done by your dentist giving you one month's written notice. If you do not wish the Contract to continue, having regard to any variation notified to you, you may end it as detailed in condition 11. If you do not do this by the time the notice of variation expires, you will be deemed to have accepted the variation.

15. Contract not transferable

As your Contract is with your dentist alone, you may not transfer it to another practice or dentist. If you need to change your dentist a new Contract will be required. You are not entitled to assign or sub-contract any rights or obligations you may have under the Contract to any other person.

16. Treatment outside the Contract

Nothing in the Contract prevents you and the dentist agreeing that he or she will provide treatment outside your entitlement under the Contract.

You will be responsible for paying for such treatment but if it is, or may be, covered by the Supplementary Insurance and you act promptly to submit a claim, the dentist will allow a reasonable period for the claim to be settled before requiring payment from you.

17. Liabilities

Denplan Limited administers Denplan Care registrations and collects monthly fees on behalf of your dentist. This Contract is not with Denplan and Denplan has no liability to you (whether in respect of tort (including, without limitation, negligence), breach of contract, defective or unsatisfactory treatment, or otherwise) in connection with any contract it administers on behalf of your dentist. This does not affect any right or remedy you may have against your dentist.

18. Disputes

All Denplan dentists are required to have an in-house complaints procedure. If you are unhappy with any aspect of your dental care you should, in the first instance, approach the dentist directly. If you remain dissatisfied, Denplan offers an impartial complaints handling service for registered patients. Your dentist must agree to participate in Denplan's complaints handling services, including an undertaking to submit any claim arising out of the Contract to arbitration.

19. Notices

Any notice given by your dentist under these conditions is valid if Denplan gives it to you on your dentist's behalf.

Any notice given by your dentist or Denplan is valid if sent to your last known address by ordinary post.

20. Third Parties

The Contract is intended to confer a benefit on your dentist and you. No other person shall be entitled to enforce any term of the Contract by virtue of the Contracts (Rights of Third Parties) Act 1999 (the 'Act').

21. Governing Law and Jurisdiction

Both parties agree that this Agreement shall be governed by and construed in accordance with the Law of England and Wales and the parties hereby irrevocably submit to the exclusive jurisdiction of the English Courts.
